As part of the ongoing project of My Journey My Mobility – an Institute for Education project funded through Erasmus+ a number of mobility opportunities have become available as per details below.

My Journey - My Mobility is an ambitious project that aims to give educators in Malta the opportunity to visit a project partner country in order to exchange best practices in relation to **Vocational Education and Training (VET)** and key issues that are both national and European concerns in education.

The current call is for a mobility experience to Estonia between the **31st March and 4th April 2019**. The event is being hosted by our Estonian Partner – Foundation Innove – which is a non-profit foundation that aims to coordinate the lifelong learning development activities and to implement the relevant programmes and projects, as well as to mediate the EU structural aid in a targeted and efficient manner. The call is open to educators in the field of VET.

First Priority will be given to:

Heads of School (Secondary)
Assistant Heads of School (Secondary)
Heads of Departments (VET)
VET teachers

Additional calls may be issued in the near future.

Attendees will be required to provide a follow up report and evaluation and take part in at least 2 meetings (pre and post event). Participation in this event will not inhibit future participation in the same E+ Project.
